

## PHOTO HELP

To assist company administrators to resize photographs.

### Option 1: WINDOWS XP.

If you have Windows XP, view the image in your documents folder, right click on the image and select Open > Microsoft Photo Editor. Open the image, then click on Image > Resize. Resize the image to 320 pixels by 416 pixels, or less than 64k. Finally rename the image and save as a JPEG/JPG image.

### Option 2: [www.resize2mail.com](http://www.resize2mail.com)

If you wish to resize your photographs to 320 pixels wide x 416 pixels height online, you could use this web site facility. Use their resize option labelled "on your own" and you can resize your photographs/images online and then save it to your pc before transferring the photo file to the Iarnród Éireann Tax Saver order page.

### Option 3: <http://online-image-resize.kategorie.cz>

is an alternative online photograph/image resizing facility.
